CREATE SILVER JEWELRY WITH PRECIOUS METAL CLAY (PMC)

This course is for both the beginning and experienced student. Learn to craft fine silver jewelry as though you're playing with clay. Once shaped, dried, and fired in a kiln, the putty-like PMC becomes an object of fine silver. Design, shaping of the material, stone setting, texturing, and molding to finishing and antiquing, will all be addressed. Based on design size and individual pace, expect to complete two or three jewelry items, such as pendants, earrings, charms, or bracelet elements.

Please note: You must register by Tuesday, April 3, to allow the instructor time to buy supplies. Materials fee: \$80, payable to instructor at the first class, for one package of PMC and supplies. Please note: Materials fee is subject to change according to market prices. A materials list of simple, inexpensive tools will also be sent prior to class (instructor supplies almost everything).
